The award-winning Civic Centre is the heart and soul of Mississauga's municipal government, commercial, social and community operations. It houses City Hall, the Central Library, the Living Arts Centre, Square One Shopping Centre and the Art Gallery of Mississauga.

Enjoy a self-guided tour of the Civic Centre. Highlights include the Great Hall, with marble and granite columns rising more than three storeys to a 20-metre-high glass skylight; and the 30-metre diameter domed ceiling of the Council Chamber, which depicts an evening spring sky over Mississauga.

environmentally sensitive facility also has the nine-hole Academy Course and a driving range. At its present location since 1907, Lakeview has twice hosted the Canadian Open, one of Canada’s most prestigious golfing events (www.mississauga.ca/portal/discover/golf).

Gone fishin’ - The Credit Village Marina and the Lakefront Promenade Marina have excellent rental and docking facilities. The area is rich in salmon, so head out for a day on the water with Salmon Express (www.salmonexpress.com) or Andrew’s Charter (www.andrewscharter.ca). Avid fishermen populate J.C. Saddington Park (53 Lake St.) located at the mouth of the Credit River. The area is rich in Chinook salmon and steelhead, as well as coho, pink and Atlantic salmon. Each year nearly 25,000 chinook salmon and 10,000 steelhead fill the river, providing ample chances to make that perfect catch.

Try your hand at windsurfing or canoeing, soak up the sun on the beach, hit the tennis courts, play a game of baseball or cool off at the splash pad at Jack Darling Park.

For sports enthusiasts, Mississauga also features the highly acclaimed 160-hectare Hershey SportZone, a major sports park development that houses the Hershey Centre, one of Mississauga’s premiere sports and entertainment facilities. The Hershey Centre features many events throughout the year such as: hockey games; Dodge Rodeo Championships; West 49 World Cup Skateboarding; international skating events; family shows; trade and business exhibitions and film & photo shoots. the city has also been in the process of naturalizing many areas along rivers and creeks. In these areas you will find more trees, wildflowers and native fruit and flower bearing shrubs. Naturalization encourages birds and animals to live in the urban environment. Mississauga's naturalization program encompasses approximately 2,000 acres of greenbelts, water courses, woodlots, steep banks and meadows.

Mississauga is a nature lover's and hiker's paradise. Mississauga's extensive parks and trail system offers many opportunities to get active. Trails can be used for a variety of activities including walking, cycling, jogging, inline skating and even cross country skiing (during the winter months).

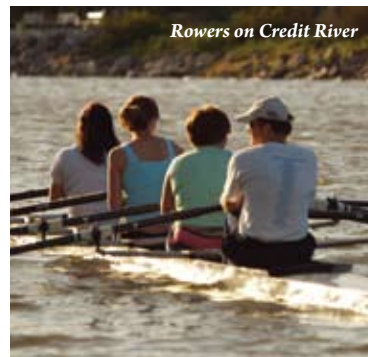

Enjoy exploring the 15 km Port Credit portion of the Waterfront Trail and beyond (the Waterfront Trail is a 780 km (485 mile) designated and signed, multi-use (pedestrian, cycling, rollerblading) recreation trail which runs along the shores of Lake Ontario from Niagara-on-the-Lake in the south-west to Brockville, Ontario in the east). The Trail passes through Mississauga's picturesque waterfront public park system and conservation areas and traverses the 94-acre Rattray Marsh, a protected natural conservation area. Home to a wide variety of wildlife and plants, Rattray Marsh is an "environmental gem", a pristine natural setting, one of the last natural shingle-bar marshes along Lake Ontario and the last remaining lakefront marsh between Toronto and the western Greater Toronto Area (Burlington). This environmentally sensitive wetland offers a unique outdoor experience and is an absolute must-see for avid bird watchers, photographers and nature lovers.

Mississauga also features several beautiful garden parks. Like a tranquil lake of serenity at the heart

of bustling Mississauga, Kariya Park lies calmly in the city core, with the iconic Civic Centre clock-tower easily glimpsed through the greenery of rhododendrons, pine, gingko, sweetgum trees and the beautiful lavender-hued Iris laevigata or rabbit-ear iris, official flower of the City of Kariya, Japan, Mississauga's sister city, after which the park is named. Brueckner Rhododendron Garden (660 Lakeshore Road West) features beautiful hybrid Rhododendrons, which can be found blooming from mid May to mid June, as well as azaleas and other acid-loving woodland and mountain plants. Hidden in central Mississauga is Riverwood, offering a unique all-season destination where history, nature, beauty and peace blend together to create an enjoyable and lasting outdoor experience. With accessible trails, splendid wildlife and glorious views, Riverwood is an ideal site to observe and enjoy the best of what 'Mother Nature' has to offer.

THE CREDIT RIVER RUNS THROUGH IT

Rowers on Credit River

It is wonderful geographical features and natural attributes that define a real sense of place and history for a city. For Mississauga, the Credit River is one of those central features - a jewel set in the heart of southern Ontario.

Fed by two main sources - one from Orangeville north of Mississauga, the other from Alton to the west, the Credit River forms at the Forks of the Credit Provincial Park near Caledon, Ontario after separately flowing over the escarpment with two beautiful falls and then meandering south and through Mississauga, emptying into Lake Ontario at Port Credit.

Archaeological evidence suggests that Native peoples had been attracted to the Credit River Valley over thousands of years. In the 1720s, the French established many trading posts around Lake Ontario, one of which was located near the mouth of the Credit River, so named after the custom of trading with the Mississaugas Native peoples on credit. The rich, fertile soil surrounding the Credit River Valley then attracted settlers to the area which was to eventually become Mississauga.

Today, the Credit River boasts huge runs of Chinook salmon and steelhead as well as some coho, pink and Atlantic salmon. The steelhead run is estimated to be over 10,000 fish every year.

Erindale Park, situated in the middle of Mississauga, is open to salmon and trout fishing all year and produces a lot of fish. It is not uncommon to see 250 anglers at this part of the river when a big run is on, but there is plenty of room for all. The Credit River Anglers Association is currently trying to have more of the river opened with additional conservation-oriented regulations to increase the fishing area for anglers while not harming the fish.

Thanks to the work of the Credit River Anglers Association and the Ministry of Natural Resources, the Credit River is a well-protected natural resource. Environmental laws have ensured that the entire river valley is free from development

Trillium, Ontario's Official Flower

MISSISSAUGA'S NATURAL BEAUTY AND BOUNTY

Mississauga offers visitors more than 480 parks and trails to explore and enjoy. From creek trails, parklands and picnic parks to verdant natural woodland areas filled with all species of ferns and blankets of Ontario's official flower the Trillium, 22 waterfront parks, trails and garden parks, natural spaces throughout Mississauga provide serene, tranquil settings to relax and take pleasure in. For several years,

Angler in Erindale Park

and is left in a natural state to be enjoyed by all. Deer, coyotes, fox and other wildlife live in the valley. In fact, you would not even know you are in a city at all when you are by the river, let alone being only 20 minutes away from Toronto.

For more information about fishing in the Credit River visit the Credit River Anglers Association (CRAA) web site www.craa.on.ca. CRAA is a group of concerned anglers & conservationists who are dedicated to improving the fishery that exists in the Credit River Basin. The Credit River boasts huge runs of chinook salmon & steelhead as well as some coho, pink, and Atlantic salmon.

MISSISSAUGA'S WATERFRONT VILLAGES

The quaint and picturesque waterfront communities of Port Credit and Clarkson provide stunning vantage points from which to enjoy Mississauga's beautiful lakeside setting.

Snug Harbour, Port Credit

PORT CREDIT

Founded in 1834, Port Credit, "Mississauga's Village on the Lake" is located at the mouth of the Credit River on Lake Ontario's northern shore. One of the first settlements in Ontario, the nautically themed Port Credit village is anchored by a distinctive red and white working lighthouse complete with non-resident lighthouse keeper and a beaconing light that can be seen from miles around. Port Credit is an international border entry point into Canada by water

The nautical character of Port Credit is in large part due to the number of preserved residential and institutional buildings dating from the late nineteenth and early twentieth centuries built by and for those who made a living on the water – mariners, sailors, stonehookers, fishermen, wharfingers, tradesmen and labourers.

As you stroll along Port Credit's charming streets, you will discover a bounty of retail shops, boutiques restaurants and services, as well as an amazing selection of places to go after dark with live entertainment.

Indulge yourself at Port Credit's Serenity Spa, one of Mississauga's premier day spas offering pampering treatments for men & women.

Just north of the main strip, drop by Old Credit Brewing Co., one of Ontario's most established craft brewers featuring an on-site retail store. Located on the site of the original ROOTS apparel store, Old Credit Brewing Co. crafts quality Amber Ale & Pale Pilsner in small batches with no additives or preservatives to ensure quality freshness and taste. Quality malts, imported hops and specially selected yeasts are used along with charcoal-filtered water to ensure purity with direct firing in a copper kettle. The Ale and Pilsner are fully matured at 8 Weeks.

The expansive Waterfront Trail, the Credit Village Marina (a marina for visiting boaters to the city) and the Waterfront Promenade Marina, with excellent rental and docking facilities, are all sites for numerous Mississauga community activities and events. For dinner with a view, be sure to visit one of Port Credit's many fine waterfront restaurants.

For avid fishermen and those who enjoy being on the water, boat charters are available from the Port Credit Harbour Marina, the largest freshwater marina in Canada. The waters of Lake Ontario around Port Credit are rich in Chinook salmon and Rainbow trout with smaller catches of Coho salmon, Atlantic salmon and brown trout.

HISTORIC CLARKSON VILLAGE

Located on the eastern edge of Mississauga along Lakeshore Road is Clarkson village, founded in 1808. Clarkson is the oldest of Mississauga's waterfront communities and is named after early settler Warren Clarkson. The community was once recognized as the "Strawberry Capital of Ontario". To this day, events in Clarkson are often celebrated with Strawberry Socials and strawberry shortcake!

Featuring a main street with numerous retail shops, restaurants and services, Clarkson is also popular with history buffs. Clarkson's historic treasures include the 175-year-old Bradley Museum (c.1830) 1620 Orr Road and the Benares Historic House (c.1857) 1503 Clarkson Road North.

Benares Historic House

Visit the Bradley Museum and experience the simple daily life of a farming family in the early 19th century. Situated in a rural setting,

the bright yellow saltbox style Bradley home is the only surviving original farmhouse in the area.

Take a step back into the early 20th century around the time of World War I and visit the Benares Historic House, considered by some to be the inspiration for Canadian author Mazo de la Roche's (1879-1961) famous series of Whiteoaks of Jalna novels. The author spent the summers of 1924 – 1928 as the neighbour of Benares Historic House in the nearby "Trail Cottage". environment originated in villages like Streetsville all across Ontario many years ago. The founding spirit and enthusiasm of those first community leaders attracts and inspires modern day Streetsville merchants and service providers every day.

Indulge yourself at one of Streetsville's many spas and salons. Visit fine specialty shops and services. Stop in at Gallery Streetsville, located in the historical Robinson Bray house, featuring traditional and contemporary original works by Ontario artists, aboriginal soapstone sculptures and paintings.

MISSISSAUGA

The City of Mississauga, population over 700,000, is located right in the centre of the bustling action of southwestern Ontario.

Mississauga offers access to seven major highways, is 20 minutes from downtown Toronto and 90 minutes from Niagara Falls and the U.S. border.

Mississauga's scenic attributes include Lake Ontario and the Credit River. Measuring 311 km, Lake Ontario is the smallest of the Great Lakes, but is the 14th largest freshwater lake in the world.

The Credit River is 90 km long and merges with the shoreline of Lake Ontario. The Credit River, its tributaries, streams and creeks are also home to many species of wildlife.

HELPFUL INFORMATION

The population of Canada is more than 32 million; over 11 million people live in Ontario. Mississauga is Canada's sixth largest city and the third largest in Ontario.

TRANSPORTATION

The speed limit on Mississauga streets is 50 km/h (about 30 mph) and 100 km/h (about 60 mph) on highways (freeways) unless otherwise posted. Wearing seatbelts is mandatory for all adults and children.

Mississauga Transit is the public transit operator in the city. Call (905)615-INFO for fares and to locate the nearest ticket agent. For intercity and interregional public transportation, GO Transit is the rail and bus system connecting Mississauga to Toronto and the Greater Toronto Area (GTA). For GO schedules, call (416)869-3200. The Toronto Transit Commission is the public transit system in Toronto. Call (416) 393-INFO for more information.

MONEY

The Canadian currency is the dollar. For denominations under five dollars, Canadians use coins, including the 'Loonie' (one-dollar coin) and 'Toonie' (two-dollar coin). Daily currency exchange rates appear in newspapers, online and are posted at banks throughout the city.

TAXES

Two taxes are levied on most purchases: the eight per cent Provincial Sales Tax (PST) and the five per cent Federal Goods and Services Tax (GST).

TELEPHONES

Mississauga is covered by the area code 905. Some areas east and north of Toronto are also covered by this area code. Toronto is covered by the 416 and 647 area codes. Long-distance charges do not apply to calls made within Mississauga or to Toronto, but charges may apply to calls made to the rest of the Greater Toronto Area (GTA).

TOBACCO AND ALCOHOL

You must be at least 19 years of age to purchase cigarettes. There is a no-smoking by-law banning smoking in all bars, billiard and bingo halls, casinos and racetracks that also applies to workplaces, restaurants, theatres and bowling centres. The legal drinking age in Ontario is 19; in some cases, proof of age may be required.

A driver's license is considered a valid form of identification. The sale of alcohol, including spirits and wine, is controlled by Liquor Control Board of Ontario (LCBO) stores. Domestic and imported beers can be purchased at The Beer Store.

WEATHER

The climate in Mississauga is considered moderate. The average temperature ranges from -6°C (21°F) in January to 20°C (69°F) in July and 3°C (37°F) in November. Snowfall in Mississauga is considered low in comparison to the rest of Ontario and Canada. For current weather conditions, visit www.theweathernetwork.com and search for Mississauga.

PASSPORT REQUIREMENTS

Travel Document Requirements for Entry Into Canada: Canada has one of the most advanced customs processes in the world to provide visitors with security and ease of travel. Visitors must have valid travel documents to enter Canada to provide proof of their citizenship. Document requirements vary depending on from which country you are travelling.

U.S. RESIDENTS

U.S. residents travelling to Canada are governed by the Western Hemisphere Travel Initiative (WHTI), a U.S. law that requires all travellers traveling outside of the United States to present a passport or other valid travel documents to enter or re-enter the United States. Detailed information and a listing of WHTI-compliant documents is available at: www.travel.state.gov.

INTERNATIONAL VISITORS

For specific information on travel documents required to visit Canada from countries other than the U.S. please refer to www.cbsa.gc.ca and www.cic.gc.ca.
