## The Adventure Starts Here

There are a number of companies that are actively involved with the student and youth market and have programmes designed to educate and entertain. We can provide an overview of each one and put you in touch with the right individuals.

Student workshops are available year-round for most age groups and specialize in visual and performing arts, science, nature and history. Experience the wide array of outdoor attractions like the Credit River and the annual salmon run, the Lake Ontario shoreline and the Rattray Marsh as well as a long list parks and recreation areas. You'll be amazed at what's available right here in the heart of Canada's six largest city. History lives at the museums of Mississauga: Benares Historic House and Bradley Museum offer a glimpse into times long past but not forgotten.

When it comes to entertainment and performance venues we think you will be impressed. We have many multi-use performance spaces and venues; most are flexible and welcoming and anxious to meet the needs of your group.

These are only a few examples of the opportunities that are available. There is so much to do you won't know where to start. We'd be more than happy to help you along the way.

## Comfortably Close

Mississauga is within easy reach of countless communities in Ontario and to our neighbours south of the border. Great highway access, close proximity to Pearson International Airport and minutes from the U.S. border at Niagara Falls and Buffalo make getting here a breeze. Motor coaches are welcome with lots of free parking available 24 hours a day. Our proximity puts you in the centre of all the action. As Toronto's largest neighbour we are located 35 minutes from downtown Toronto. If Niagara Falls makes it onto your itinerary a half day trip is within reach, we are just over 60 minutes away.

## Expertise a Phone Call Away

We understand the needs of travel professionals like you and for that reason we have travel specialists well aware of the specific requirements of the student and youth market. We can put you in direct contact with our attraction, entertainment, event, restaurant and accommodation partners and we'd be pleased to welcome you for a site inspection and familiarization trip. We also have the support materials you need including suggested itineraries, maps, CD-ROM, and images. Our partners are also aware of your needs and they too will be able to give you what you need when you need it. All this to make your job easier. We are prepared to do whatever we can to ensure you'll be back time and time again.
